# YOUR STATUS

We work with people to solve a range of asylum and immigration issues. Most of our work is free of charge, funded by legal aid. Where legal aid is not available, we can offer privately-funded options.

## WE CAN HELP WITH:

- EU settled status applications for complex issues or vulnerable people
- Asylum applications and appeals (including for people in prison)
- Human rights applications on private and family grounds
- Unaccompanied children
- Victims of trafficking
- Victims of domestic violence
- Deportation proceedings
- Appeals to Immigration Tribunal and higher courts
- Some judicial reviews
- Visa for spouse, fiancée or partner
- Settlement Applications on basis of long residency
- Indefinite Leave to Remain applications
